It will not waste your time. receive me, the e-book will definitely spread you other business to read. Just invest little grow old to approach this on-line statement borrowing from your friends to read them. This is an completely simple means to specifically acquire lead by on-line. This online pronouncement a human right to culture and identity the ambivalence of group rights studies in social and cultural.

Bonnie and the Destruction of Cultural Heritage-Helen Walkawa 2015-04-01 This wide-ranging book provides the first comprehensive overview and critical analysis of the destruction of Bonnie-Rannapottain's cultural heritage and the lasting impact. Scrutinising the responses of the international community to the war (including bodies like UNESCO and the Council of Europe) With numerous case studies and thoughtful illustrations, this important volume considers questions which have moved to the forefront with the inclusion of cultural heritage preservation in the discussions of the right to culture in human rights discourse and as a vital element of post-conflict development and aid.

Human Rights Protection System in China-Pinya Sun 2013-09-18 In recent years, more and more scholars in the world feel interested in the topic of human right protection status in China. This book hopes to serve as a vital tool which makes it possible to view the human rights protection in the Chinese context. The book systematically introduces the dynamic development and progress of human rights protection in China, attaching great importance to the first white paper on Human Rights in China, “The state respects and guarantees human rights” included in the Constitution. National Human Rights Action Plan of China, and then putting forth fundamental principles to achieve international human rights standards and specific measures to improve human rights protection standards in China. Then the book further discusses “Foundations of Human Rights Guarantees in Contemporary China”, “Human Rights, Culture and Their Reconciliation in the Chinese Context”, and “Socialist Legal System with Chinese Characteristics”. Then, a final chapter is dedicated to the topic of “Judicial Protection System of Human Rights in China”. In appendices, four important documents on human rights in China, as well as a list of the author’s major articles and works in the past 15 years are provided.

Religion and the Inculturization of Human Rights in Ghana-Adofe Ofotem 2013-06-13 The book’s purpose is to present the principle of the indivisibility, interrelatedness and interdependence of all human rights. It then presents the principles of the protection of economic, social, cultural rights, such as a safe working environment,

The SAGE Handbook of Human Rights - Anja Mihr 2014-07-21 The SAGE Handbook of Human Rights will comprise two volumes consisting of more than 50 original chapters that clarify and analyze human rights issues of both contemporary and future importance. The Handbook will take an inter-disciplinary approach, combining work in such traditional fields as law, political science and philosophy with such non-traditional subjects as climate change, demography, economics, geography, social studies, mass communication, and business and marketing. In addition, one of the aspects of mainstreaming is the manner in which human rights has come to play a prominent role in popular culture, and there will be a section on human rights in art, film, music and literature. Not only will the Handbook provide a state of the art analysis of the discipline that addresses the history and development of human rights standards and its movements, mechanisms and institutions, but it will seek to go beyond this and produce a book that will help lead to prospective thinking.

The European Human Rights Culture - A Paradox of Human Rights Protection in Europe - Nina-Louisa Arold Lorenz 2015-11-25 The European Human Rights Culture - A Paradox of Human Rights Protection in Europe? analyses the political term “European Human Rights Culture”, a term first introduced by EU Commission President Barroso. Located in the fields of comparative law and European law, this book analyses, through first-hand interviews with the European judiciary, the judicial perspective on the European human rights culture and sets this in context to the political dimension of the term. In addition, it looks at the structures and procedures of the Court of Justice of the European Union (CJEU) and the European Court of Human Rights (ECHR), and explains the embedding of the Courts’ legal culture. It offers an in-depth analysis of the margin of appreciation doctrines at both the CJEU and ECHR, and shows its value for addressing human rights grievances.

Compass - Manual for Human Rights Education with Young People (2012 edition - fully revised and updated) - Collectif 2015-06-01 Human rights cannot be defended by legal measures alone. They need to be protected and safeguarded by everyone, including young people. Human rights are best respected and appreciated when we know them, stand up for them and apply them in our lives. COMPASS provides youth leaders, teachers and facilitators of human rights education activities, whether professionals or volunteers, with concrete ideas and practical activities to engage, involve and motivate young people in living, learning and acting for human rights. It promotes a comprehensive perspective on human rights education and sees young people as actors for a culture of universal human rights. COMPASS was originally published in 2002 and is now available in more than 30 languages. A version specifically designed for human rights education with children - COMPASITO - engages a similar success. This fully revised and updated edition includes new activities and information about human rights issues such as disability and discrimination, migration, religion, remembrance, war and terrorism. COMPASS is a practical tool and resource for citizenship and human rights education. It is an essential companion for all those who are curious and interested in making the right to human rights education a reality for everyone.

Liberty - 1990

Sociology and Human Rights - Judith Blitz 2011-05-11 This anthology examines the implications that human rights have for the social sciences. It discusses how the 1789 Bill of Rights of the US Constitution should be expanded to encompass fundamental human rights, as most other constitutions already have been. This collection has special relevance for sociologists because many implicitly assume positive human rights in their studies of, for example, health care and education, and yet do not make these assumptions explicit. This volume also discusses the relevance of social and political movements. The discussions in this text allow readers to compare constitutions, examine international human rights treaties, and delve into countries’ histories. Sociology and Human Rights is ideal for engaging in comparative studies of countries’ policies and aspects of international cooperation. Each chapter ends with discussion questions to challenge students to think critically about human rights in the United States and around the world.

The Human Rights Culture - Lawrence M. Friedman 2011 Lawrence M. Friedman’s newest book explores the sheer phenomenon of a near-global arc favoring the idea, and sometimes even the practice, of human rights. Not the usual legal or philosophical examination of rights, this book instead asks: Why is it--as a social and historical matter--that rights discourse is so prevalent and compelling to the current world? Rows of books and articles have been written about human rights, but THE HUMAN RIGHTS CULTURE is unique. It is the first comprehensive, sociological study of human rights in the contemporary period. With his characteristic erudition and graceful style, Lawrence Friedman addresses all the central topics: women’s rights, minority rights, privacy, social rights, cultural rights, the role of courts, whether human rights are universal, and much more. This surprisingly compact book presents a balanced discussion of each issue, filled with fascinating details and examples. Friedman’s core argument is that the recent rise of human rights discourse around the globe is the product of modernity--in particular the spread of the cultural belief that people are unique individuals entitled to respect and the opportunity to flourish. This terrific book will be informative not only to human rights experts and practitioners but also to people who wish to read a clear and sophisticated introduction to the field.” – Brian Z. Tamanaha, Professor of Law, Washington University

Human Rights -- V. N. Vaswani (ed. By) 2008 Human Rights which as ever more theoretical debate during the pre-second war world War have now become a practice goal of many modern Nation-states across the world. Today, the leaders of the world recognized the need to incalculable the indicators of human right protections and practices as an input for development. The multidimensional aspects of human rights are discussed in this book in a lucid manner with appropriate case studies and examples. Importing human values and human rights culture in every walk of life is the focal points of this book. The scholars from various discipline has contributed their views and thus made the book as multidisciplinary in its outlook. It addresses the challenges of 21st century with regard to the practice of human rights in the context of modern development. International, national human rights laws and the institution which executed these laws and the practical limitations are critically dealt in his book. Almost all sub-themes of human rights are critically analyzes with possible suggestion and recommendations for further strengthening the practice of good governance and democracy. This edited volume is useful for human rights activists, political leaders at different levels, lawyers, civil servants, research scholars belonging to various disciplines such as sociology, social work, political science, law, criminology, ethics, and other related social sciences. The value-centric approach of this book on various aspects of human rights issues are the most attracting features. It is certainly the most reliable source book for the contemporary issues of human rights.
